

Accounts Payable Staff Accountant

Join a company who's been recognized for their ethical business practices.

REQUIREMENTS: Associates degree

Two years experience in an A/P role for a large company

Our client is still experiencing growth and needs a new team member. This Accounts Payable Analyst will work with customers to maintain their accounts. You will need to utilize good research skills and excellent reconciliation skills. In addition, you will need to work with customers, brokers, and the sales managers of the company you represent.
