

Multi-Unit Area Market Manager

Industry: Travel, Hospitality & Restaurant

Location: Dallas, TX 75220

Multi Unit Manager for North Texas and Oklahoma:

What a great role if you love helping people and love an operational role! Dallas is still one of the most robust market places in the country. According to the Dallas Federal Reserve Beige Book report, we are still adding jobs to the market place. As Multi-Unit Manager for this North Texas hospitality chain, you will be recognized for growing your market share. Operation responsibility will include financial performance, property maintenance, safety, and the staffing and management of General Managers, Sales & Support Managers and the Market Maintenance Technicians. Have fun monitoring your competitors for each property and recommend pricing decisions.

You will be recognized with a quarterly bonus if the job has been well done. Also, you can work from home! The company is in good shape financially and the Dallas and Oklahoma markets are in good shape. So, you will have small challenges - but not insurmountable ones.

An ideal candidate must have 5-6 years management responsibility over 5-8 multi units. Demonstrated people development and leadership skills and travel to meetings as needed. It is very important to have a take charge attitude and be intuitive, not require someone to tell you what needs to be done next. Hours could be up to 55 per week but operation hours are 11:00 A.M to 7:00 P.M.

The more leadership skills and multi operational experience the better match you will be.

Required Skills:

Must have 5-6 years management responsibility including managing the P&L.

Strong track record of leadership skills.

Ability to travel to meetings, drive sales through sales calls and other local marketing.
